Product designation	Item No.	E-number (SE) (sv)
Sun Shield Kit	A-CA00000SS01	52 579 25

Technical description

The sun visor is designed to reduce the direct weather impact on the enclosure and thus limit the temperature impact in the outdoor environment. The kit consists of shaped stainless steel protective surfaces that are mounted with included fasteners. The flexibility of the design allows the shelter to be positioned at the correct distance from the enclosure to ensure air circulation and maintain weather protection. All components are designed for long-term use in varying climatic conditions. This kit includes all parts required for pole mounting
